SUMMARY

I am a second-year B.Tech student in Computer Science Engineering, specializing in Artificial Intelligence and Machine Learning (AI/ML). Proficient in Python and C, I am passionate about coding and problem-solving, applying these skills in real-world projects.

With a strong foundation in computer science principles and a keen interest in cutting-edge technologies, I am eager to apply my knowledge and skills to real-world problems. As a front-end developer, I like to create responsive, user-friendly websites, refining my web development and collaboration skills.
